1974

Brockton High School
Brockton, U.S.A.

DEDICATION

We, the Yearbook Staff,
proudly dedicate this issue of Brocktonia to you,
the first graduating class to complete four years in the new B.H.S.

Each of you, in your own way, has worked toward graduation, and each of you is now faced with a decision about the future, but we all must remember:

"To be nobody — But —
Yourself in a world which
is doing its best night and day, to
make you everybody
else — means to fight the hardest
battle any human
being can fight and never stop
fighting."

IN MEMORIAM

To class members who are now with us in spirit only.

INTIMATIONS OF IMMORTALITY

Though nothing can bring back the hour

Of splendour in the grass, of glory in the flower;

We will grieve not, rather find

Strength in what remains behind,

In the primal sympathy

Which having been must ever be.

Makin' Friends

Friends

I hope the day will be a lot of highway
For friends are found on every road.
Can you ever think of any better way
For the lost and weary travellers to go?

Makin' friends for the world to see
Let the people know you got what you need
With a friend at hand you will see the light;
If your friends are there then everything's
all right.

It seems to me a crime that we should age.
These fragile times should never slip us by —
A time you never count the shiny rays
As friends together watch their childhood fly.

Bernie Taupin

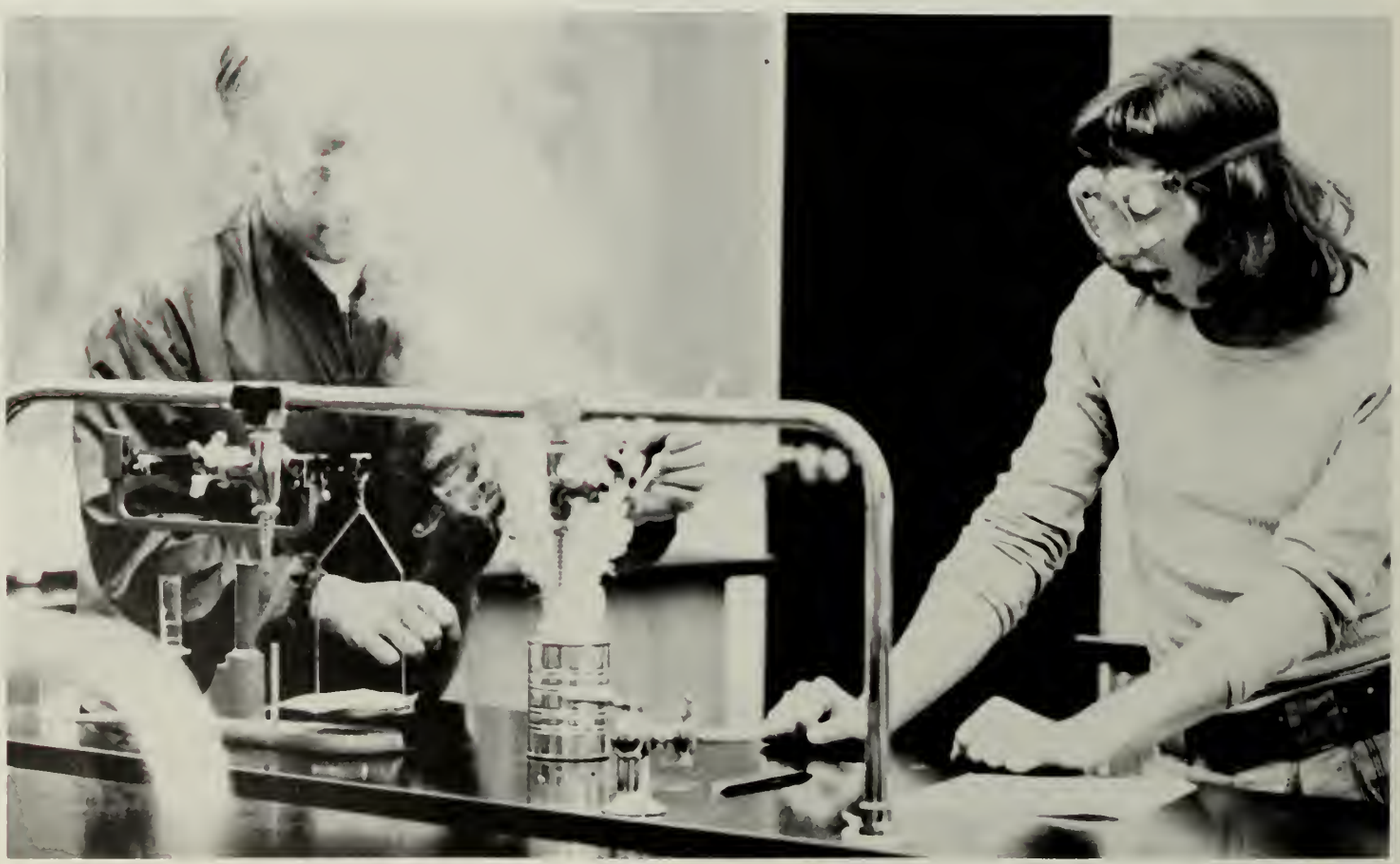
Are you sure Producer's is this way?

Maybe it was something in the milkshake.

Quick! Let's sneak over to Producer's . . .

Did you hear that they caught a cow at Producer's?

It should be about ready to . . .



Hey — surprise! It's working!

You really think I didn't see that?

You watch that side and I'll catch this one — but look cool OK?

ADMINISTRATION

AND FACULTY

Perhaps the most v[illegible] of all education is the ability to make yourself do the thing you have to do [illegible] to be done . . .

Thomas H. Huxley

MR. JOSEPH E. KILLORY
SUPERINTENDENT OF SCHOOLS

Graduation is a happy time for you since it is the culmination of twelve years of study. It is also a sad time because it means a parting of the ways for many friends. It is the same for us, the staff members of Brockton Public Schools; we are happy for you and sorry to see you go. I hope you will always be proud of Brockton High School and, most importantly, of yourself.

MR. JOSEPH KILLORY

MR. HARRY ALLEN
HEADMASTER

As you walk the last few steps to receive your diploma, I would like to have you realize that you have reached a crossroad in your life. It is an end to your public school education and your childhood days and the beginning of your adult life and the responsibilities that are associated with it.

I sincerely hope that the faculty and the administration have prepared you for whichever role in life you may have chosen. Take one last look around at your classmates and friends for when graduation day is over, there are some that you will never see again as you go your separate ways. Treasure your last days and your last moments with us and your friends because as the years go by, you will reflect back upon them many times. One last thought for you to take with you is that you are a Brockton High School graduate and remember our life and this school is dedicated to serving you now and forever. I wish you success and happiness.

MR. HARRY ALLEN

Housemasters

MR. JOHN F. RYAN
GREEN HOUSE

Graduation is a time for rejoicing because it marks the completion of twelve years of study which you have all shared. It is, also, a time of looking toward tomorrow as well as benefiting from the lessons of the past. It is a time to meditate and consider what the rest of your life might be.

Today, I congratulate you, the members of the Brockton High School Class of 1974, not only on your graduation, but upon the exceptional opportunities you have had in Brockton High School to help not only yourself but your community and your country.

MR. JOHN F. RYAN

It is a pleasure to avail myself of this opportunity to congratulate each of you as you approach your graduation. It is with pride and satisfaction that we look in retrospect at the many accomplishments of your class. May each of you enjoy a happy and full life in the future and realize that the efforts of the past do bear fruition. Good luck to you all.

MR. MARIO D. DIMARZO

MR. MARIO D. DiMARZO
RED HOUSE

Housemasters

It seems as if it were only yesterday that you were seated in your house cafeteria for your orientation to the new Brockton High School and that June '74 was years away. Was it only hours ago — that you became seniors, members of the first class to complete four high school years at B.H.S.? You are the class which has more than any other, set the course for future years by initiating and experiencing many changes and experimental programs, and by giving of yourselves and your ideas to enable Brockton High to begin to function as a total educational complex. You have contributed your talents through participation im dramatics, musical programs, sports, radio station, community service, etc. Not only do we have the finest facilities in the nation, but also a student body second to none!

As you graduate and begin your new career, I wish you success in your pursuits. Always set your standards high; strive for the highest goals. Never be discouraged more than momentarily. Follow the motto, "Believe you can, and you can." The world is not finished yet. It is filled with opportunity for all who have the courage and confidence to meet its challenges. The future is yours; meet and accept your responsibilities. My best to you!

MR. CHRIS D. ARGYS
AZURE HOUSE

This school year is of particular significance for me because of the special qualities demonstrated by the Class of 1974.

This year's graduating class is unique as it is the first group to enter as a freshman unit and to complete four years of high school. As a result, I have been afforded an opportunity to watch you grow from fledgling freshmen to mature, responsible young adults. You have met many challenges and adjusted to many changes with aplomb and dignity in order to achieve your goal.

It is with extreme pleasure and pride that I congratulate you for your past performance and wish you to be blessed with success and happiness in your future endeavors.

HEADMASTER FOR ADMINISTRATION

At this reading, your days at Brockton High School will be virtually over. For a period of twelve years, you have been in a structured and somewhat protective school situation and are now entering into adult society. It is our hope that your days in the Brockton School System, and especially at Brockton High School, have provided you with the skills and insights to cope with a most complex society. To each of you, every best wish for both your continued success and good health in the years to come!

IN MEMORY OF . . .

Tommy,
We didn't know you well,
but it was well enough to know
That the kindness you had inside of you,
will always, always show.
We couldn't even say good-bye;
The time just went too fast
And sadly we'll say, on this day,
Those good times are in the past.

But forgotten? No, never.

"Here And Now"

i Saw you

winter hung her head
to heave a sigh,
and through an open window
where no curtains hung,
    i Saw you.
guards of snow,
    with corn-cob pipes,
    and eyes of corn,
marched us on,
we followed wet puppies
through fields of white-mud grass
to ponds full of bug-eyed fish,
who blink up at you
through paper thick protection
[illegible] to the new sun,
and
since the spring-shine rain
chased us through to now,
we've been one.

— Cheryl [illegible]
